

1st Birthday Invitation

She is One soon!

We would like to invite you to Haumea's Birthday celebration

Since there are only three of us and since one is always busy with Haumea it leaves only one, we may not be able to organise a huge party but none the less we would like to celebrate this important occasion in the life of our Little One with all the people who love her and who are important in hers or her parents' life.

All of you, in one way or another, made it easier for us to be parents and for Haumea to be a happy baby, all of you brought in something valuable to our lives and we wish that all of you will remain close to us and an important part of Haumea's future life. We hope you will make her life richer, help her learn, grow, feel safe and happy and become a beautiful person with a big heart and an open life. Please, give her a little bit of you, share with her your wisdom and experience, we ask you because we believe you have a lot to offer to our beautiful baby girl and we will be grateful for your input into her life

Thank you all for your support and your presence in our lives!

It is still long time away but please mark it in your calendar – 11 of May, 3 p.m We hope you will be able to make it here to celebrate with us but for those of you far away – we will think of you and if you will have a chance to get online, please join us to wish Haumea happy birthday on skype and to meet her "Cook Islands' Family"

Please do not feel obliged to make any expensive gifts. You most likely already gave us a lot, be it time, money, advice or support or even all of it. You can always give Haumea more of your time, invite her to your home, give her different outlook, and teach her new things and new skills.

If you do want to give Haumea a present though, please give her something you create and which she will be able to enjoy in years to come or perhaps you consider making a contribution to Haumea's next ticket back to Europe, which will always be very welcome. We would love to take her there each year so she can spend time with her loving family missing her on the other side of the world, so you can help with this, even if it's only in a small way, all together it will make a difference.

She is One soon!

To make it very personal and so that she really knows and feels that she is there thanks to the support of all the people who love her, we will attach your names to the new places and experiences she will have while in Europe and if you can think of anything special – ice cream on the old market square in Poznan, visit to a zoo, puppet show, drive to the lake, picnic with grandparents, drive to the countryside, apple orchard, strawberry field, exploration of mystic old buildings, historical castles – you name it and we will try and make it happen and give it your name tag, make it a gift from you.

In years to come Haumea will probably not remember if you came to her first birthday (we will). She will however enjoy your presence on the 11th of May and we together can create an everlasting memory of this day for her. If you find a spare moment, be it on her birthday or some time after it, write something for her, some words of wisdom and inspiration, your wishes for her, on the website we made for her, www.haumea.ws, so that, as a young woman or an old lady, she can go back to that moment and see that she was a happy baby surrounded by love and that, hopefully, she is that beautiful person she became thanks to all of you.
